WILSON MAY ATTEND BIG PEACE CONFERENCE

ALLIED TROOPS FORGE AHEAD

Italian, French and British Cross
Plave on 30 Mile Front—
Threaten Two Rail Centers.

TAKE 15,000 CAPTIVES

Americans in Reserve to Join Italian
Offensive if Needed—Yankees
and Germans in Big Gun Duel
—French Encircling Guise.

With the Italian Army in North-
ern Italy, Oct. 30.—The towns of
Valdobbiadene and Conegliano, on
the eastern side of the Piave river,
Northern Italy, have been taken
by Allied troops from the Austro-
Hungarians.

London, Oct. 30.—In the Italian
theater over a front of nearly 40
miles from the Brenta to the mid-
dle reaches of the Piave river, the
British, French and Italian armies
are developing with success an of-
fensive against the Austro-Hun-
garians and are swiftly driving
them from the mountain passes
toward the Austrian frontier and
across the plains east of the Piave
in northern Italy.

American reserves are behind
the lines prepared to aid the Allies
when the opportune moment ar-
rives.

London, Oct. 30.—On the Italian
front British, French and Italian troops
have crossed the Piave river over a
wide front and have taken more than
15,000 prisoners. The Allied forces
are threatening the important railway
points of Conegliano and Oderzo and
two of the three railway lines support-
ing the Austrians on the Piave line.

On the western front in France
heavy fighting virtually is at a stand-
still on the front northward from Le
Cateau to the Dutch frontier, but
from the Oise to east of the Meuse
Allied pressure continues, with gains
for the French between the Oise and
the Serre.

American in Gun Duel.
An intense artillery duel is in pro-
gress on the American front northwest
of Verdun, but no infantry fighting has
been reported.

While the Allies have thrown forces
across the Piave on a front of about
30 miles, the heaviest fighting has
been along a stretch of seven miles
between Conegliano and Oderzo,
where the Italians and British have
advanced more than three miles, mak-
ing a formidable wedge in the Aus-
trian positions east of the river and
between two of their main communica-
tion lines.

Two Miles From Rail Points.
The Allies are within two miles of
both Conegliano and Oderzo. Along
the Piave south of Oderzo there has
been little fighting, but the Allied ad-

PRESIDENT'S CANDIDATE
NEW JERSEY SENATOR

President Wilson, pursuing his
policy of advocating the candidacies
of men for the United States Senate
who support the administration, has
come out strongly for George M. La-
Monte, a democratic candidate for
Senator in New Jersey. He is an un-
qualified supporter of the adminis-
tration.

MAXIMILIAN HARDEN

German Editor Calls Kaiser a
Film Hero.

Maximilian Harden, the editor of the
Die Zukunft of Berlin said in an in-
terview with a Danish newspaper:
"We started the war with a dirty
trick and all our subsequent victories
have been the resemblance of dishon-
esty. William II is a film hero and
Germany a vulgar cinematograph
show. We sit today on the ruins of
30 years of Hohenzollern politics."

vance in the north would tend to force
the Austrians to evacuate the low-
lands of the lower Piave.

Apparently the Allied thrusts in the
mountain zone between the Piave and
the Brenta were feints for the purpose
of attracting the attention of the en-
emy from the more formidable move-
ment across the Piave. Troops and
supplies are being rushed to the Piave
front and it is evidently purposed to
force the offensive to the utmost.

U. S. Troops in Reserve.
In addition to the British, Italian
and French troops already taking part
in the fighting, American troops are
reported to be in reserve. The Ameri-
can infantry force is not large, prob-
ably two regiments or less, and not
unlike the Americans will be brigad-
ed with the Italians or British. The
fighting east of the Piave has been
heavy, the Austrians struggling bit-
terly to prevent the Allies from en-
larging their gains to the east bank.

East of the Oise on the French front,
the army of General Debeney rapidly is
encircling Guise. On the south the
French are in the suburbs of the town
and have captured German first line
trenches besides enemy barracks and a
hospital.

Demonstrators De-

mand Republic

(By United Press)
Zurich, Oct. 30.—A state of siege
has been proclaimed in Budapest fol-
lowing the attempt of a hundred
thousand demonstrators to enter the
palace of the Archduke Joseph. The
demonstrators demanded a republic.
German troops are reported arriving.

Amsterdam, Oct. 30.—Archduke
Joseph, a second cousin of the Aus-
trian emperor, has issued a procla-
mation declaring Emperor Karl has
charged him to effect the complete in-
dependence of Hungary, which would
join the league of nations according
to a Budapest report.

Austria Says Troops

Were Withdrawn

Vienna, via London, Oct. 30.—Aus-
trian troops on the Piave front were
withdrawn to new positions in the
rear areas last night, the Austrian
war office announces. In Albania
our rear guard have evacuated Aless.

SUFFER 50 PER CENT LOSS

Six Austrian Divisions Lose Half of
Their Effectives.

London, Oct. 30.—Six Austrian di-
visions have lost more than 50 per cent
of their effectives so far in the Anglo-
Italian offensive, according to a dis-
patch from Rome.

WHEREVER AND WHEREVER IT IS HELD--MIGHT BE MADE CHAIRMAN

Germany Sends Another Note

BY ROBERT J. BENDER,
(United Press Staff Correspondent.)

Washington, Oct. 30.—Ger-
many has sent a supplementary
communication to the United
States on the subject of peace.
It reached the Swiss legation
this afternoon and was deliver-
ed to the state department
shortly before noon. The mes-
sage described what Germany
is doing in the way of constitu-
tional changes to make the gov-
ernment responsible to the peo-
ple. It was said that it does
not alter the peace situation
as it stands, by making any
new proposals. It is under-
stood to have been unsolicited
and constitutes a voluntary
move on the part of Germany.
The text may not be made pub-
lic immediately.

Wilson May Attend Peace Conference

(By United Press)

Washington, Oct. 30.—Friends be-
lieve that President Wilson will at-
tend the great peace conference
wherever and whenever it is held.
He might be made chairman.

Americans Penetrate into Enemy Positions

Paris, Oct. 30.—The French and
Americans attacking northwest of
Rethel have penetrated deeply into
the German positions at many points,
reaching the support lines which
were almost empty of defenders. Gen-
eral Guillaumat's pressure in this
region is being accentuated along the
Hannong road in the neighborhood
of St. Fermeux where violent enemy
counter attacks were repulsed. The
French are at the outskirts of Cha-
teau Porcien reaching the junction
of Rethel Sevigny Labbaya roads.

Versailles Conference Adopts Wilson's Terms

Washington, Oct. 30.—The Versail-
les conference will agree to adhere to
President Wilson's peace points. This
was stated in an authoritative Am-
erican official and entente diplomatic
quarters today. As a corollary to
this base acceptance the question of
an armistice has been given over to
the military advisers and armistice
terms will be forthcoming before the
week ends according to United Press
information. Any difference as to
application of the president's four-
teen points will be threshed out in
the final peace adjustment it was
said.

Italians Take 25,000 Prisoners, 200 Guns

Paris, Oct. 30.—A bulletin just is-
sued says the Italians have taken 25-
000 prisoners and more than 200
guns in the present offensive.

The Passing of the German Dream of World-Conquest

This map shows the countries held
by German oppression and the coun-
tries invaded by Germany in her at-
tempt to bring Middle Europe under
her domination. Today a new map
of Europe is fast making, but not as
the German War Lords had planned.
When finished by the allies it will
show these small countries so long
oppressed again enjoying self gov-
erning power and to the Germans
only the things that are German.

The Alsace, the Italian Irredenta,
Poland, Bohemia will have realized
the hopes and dreams of their inhab-
itants and the liberty loving peoples
of all the world in a return to the
protection of their native govern-
ments. That is what the fight for
liberty and democracy means to the
thousands of brave soldier patriots
of various lands and tongues that
are now fighting on the soil of France
and Belgium, in Southern Europe, in
Russia and in Palestine. Instead of
more than doubling her area and
power as Germany had hoped to do
she finds herself shorn of her power
and branded by the civilized nations
of the world as cruel, barbarous and
treacherous and unworthy a seat in
the councils of nations and not to be
trusted in their given word. A few
short months has found her changed
from the arrogant claimant of victory
to an artful, dodging suppliant of
the quarter she did not give. To-
day the German heart is shaken with
the fear that there may be visited up-
on her homes and lands the same de-
vastation by fire and sword she so
ruthlessly meted out to the Belgians,
French, Italians, Serbians and other
countries her hordes of Huns overran
since 1914.

And while she is contemplating the
near approach of utter defeat of her
armies on all fronts she views the
disintegration of the German Empire,

as the various peoples she has so long
oppressed make ready to set up their
own form of independent government
or join their former governments.

And yet the end is not, for the new
Germany that must arise from the
ashes of the old must rebuild and re-
pair in so far as it is humanly pos-
sible the destruction wrought by her
vandal armies in so invaded coun-
tries. She speaks justice and the peo-
ples who love liberty.

Germany maps that which she has
sown.

Far to the north lies Schleswig-
Holstein, wrested from Denmark in
1864 when Germany tore up the
"scrap of paper" that represented her
solemn treaty obligations with the
Danes.

On the west is Belgium invaded
and devastated when the Germans
tore up the "scrap of paper" guar-
anteeing her neutrality.

Below Belgium lies Luxembourg, over-
run by Germany in this war.

Below Luxembourg lies the Alsace
wrested from France in 1870 be-
cause Germany coveted her rich iron
mines.

To the far east lies Poland, once a
powerful nation, but now long since
under the domination of Germany
and Russia.

Below Poland lies Bohemia, Sla-
vonian and Ruthenia, the home of the
Czechoslovaks. For years almost
without number these peoples have
been under the domination of the
Austro-Germanic powers. First re-
cognized and championed by Italy they
are now throwing off the yoke of their
oppressors.

To the north, northeast and east
of the present boundary of Italy lies
the Italy Irredenta, or unredeemed
provinces of Italy. The Irredenta is
divided into three parts: (a) the
Trentino, bounded on the west by
Switzerland, on the north by the
Brenner Alps and on the east by the

present boundary of Italy. Trentino
is a purely Italian province, it hav-
ing successfully resisted every at-
tempt to Germanize it as has the Al-
sace. It is as much Italian today as
when first taken by conquest from
Italy. (b) The Istrian Peninsula
which is geographically known as
Venezia Giulia is purely Italian. (c)
The Dalmatian coast lying along the
eastern coast of the Adriatic. While
under Austrian domination for many
years, it is so purely Italian that the
official language is Italian, and the
members of the Austrian Reichstag
from this section are authorized to
speak in that body in Italian. Steadily
all these years have the peoples of
the Irredenta and their fellow coun-
trymen in Italy worked and dreamed
and planned for the day when they
might be returned with honor to the
protection of their beloved native
land.

Scorning the overtures of the Ger-
man powers, preferring to fight a
righteous fight for their liberty rat-
her than take it with a German talnt
of barter, the Italians joined the
Allies at a time precarious for them
and at the height of German victory.
Russia was crumbling. The German
armies were advancing upon Paris—
the German Emperor in this arro-
gance thought he saw almost within
his grasp the realization of his dream
of world domination. He did not
want to see Italy enter upon the side
of the Allies and was willing to have
Austria make most important conces-
sions to prevent it. Every effort di-
plomatic and otherwise was made to
swing Italy to the German side or
have her remain strictly neutral.

But Italy, with her love of liberty and
justice, took her place by the side
of the Allies and ever has her voice
in council been raised for the op-
pressed peoples of all nations as her
soldiers have fought on all the battle
fronts of this great war.

Seeks to Reconcile Two Fac-
tions.

It is believed that the Japanese gov-
ernment has decided to take the in-
itiative toward effecting a reconcilia-
tion between North and South China
by giving friendly advice to the presi-
dent and leading politicians of each
side separately. Tang Shao Yi, for-
mer premier of China, now is in Tokio
and met Viscount Uchida, foreign
minister, by invitation.

HEAVY RUN ON BANKS

Financial Institutions Are Taxed to
Their Utmost to Meet De-
mands of Depositors for
Their Savings.

London, Oct. 30.—Exodus of civil-
ians from the lower Rhineland and
part of Westphalia, which was begun
on a small scale when the first Allied
bombs hit Cologne, has developed
into a panic, according to The Hague
correspondent of the Daily Mail.

All the banks are being stormed by
depositors who are withdrawing their
savings in German bank notes of as
high value as are obtainable, the \$20
note having an appreciable market
value over lower currency.

Not only are some of the banks at
their wits' end for legal currency to
pay out deposits, but in places, espe-
cially Cologne and Dusseldorf, all ex-
cept local, are therefore valueless cur-
rency, has disappeared as if by magic.
People Scrambling Eastward.

Everybody who can afford it is try-
ing to make his or her way eastward.
Scores of houses stand empty.

Even in Berlin financial panic has
seized the people and the ordinary pa-
per currency of the empire has van-
quished. The municipality has been
compelled to issue emergency cur-
rency to the value of about \$10,000,000
until February 1, next, within the con-
fines of Greater Berlin.

The big German banks have pub-
lished flaming appeals to "our fellow
citizens" not to withdraw deposits and
not to hoard currency notes. But the
rush on the banks has grown worse
than ever.

The working population of Cologne,
seeing the war factories closed down,
big houses evacuated and eastbound
trains crowded with well-to-do fugi-
tives, are demanding immediate peace
more insistently than ever. Demon-
strations have been increasingly vio-
lent.

A manifesto which has been issued
by a section of the Social Democrats
declares that if the emperor does not
voluntarily abdicate he will be re-
moved. It says:

"If the necessity arises and the hour
comes, the organized classes of labor
with strong middle class support will
remove every hindrance to peace
which does not voluntarily yield to the
will of the huge majority of the peo-
ple."

Italian Offensive Con- tinues, Great Success

BY HENRY WOOD,
(Staff Correspondent, United Press)

With the Italians Ahead, Oct. 30.—
The allied advance continues on the
whole fifty mile front from Brenta
to Treviso Oderzo railway. Progress
is greatly accentuated on the right
flank north of Treviso. American
troops in Italy have crossed the Piave
and are ready to take up the advance
with their Italian and British com-
rades. More than a hundred villages
and communities east of the Piave
have been liberated. The Italians
have occupied Conegliano. King
Victor Emmanuel crossed the Piave
with a regiment of Bersaglieri. He
was greeted with cheers even by a
contingent of Austrian prisoners.

PVT. FRANK L. MURLOWSKI
Writes His Parents, Mr. and Mrs. Val
Murlowski, Arrived Safely in
France

In a letter to his parents, Private
Frank L. Murlowski describes scenes
"over there." Dated October, he
writes to Mr. and Mrs. Val Murlow-
ski:

"You can hand this to the Dis-
patch. Arrived over here all O. K.
and am feeling fine. Read over
Blackie's (Lawrence Clark) letter
and it sure reminded me of good old
Brainerd. However I take exception
to Blackie thinking the old South
Side gang was a rough-neck gang."

"Wish he could have been with me
when I first got into my bunch who
were from Chicago and the Tri-Cities.
They thought we were alley rats
from Chicago when we hit California.
Anyway I've found them all to
be men and roaring to get the boche.
"We've got a battalion song
which ends up, 'When the guns roar
from the 54th, there'll be parts of
Germany on every shore.'"

"I like France real well and have
picked up quite a little of French.
We are quartered right in the heart
of this town. We were the first
troops to land in this town and the
French sure shouted 'Vive la Ameri-
ca' when we came. We have been
here for some time. Have got a
'good conduct card' which entitles
the bearer to go on leave whenever
leaves are granted. It seems funny
to be able to go out and get all you
want to drink, but we can do so pro-
viding we don't get drunk. There
sure are some good looking girls here,
but don't think I'll ever get one be-
cause after all it's pretty hard to beat
the American girls."

"Have only been away from Brainerd
two years this month, but it
seems double the time. Met Bill Tur-
cotte, Nelson and several boys from
Brainerd while I was still in the
coast artillery. Met George Day and
another fellow at New York, but
over here have not seen a single
Brainerd boy although I've met
many Minnesota boys. I sure have
traveled since I left home. Have
traveled over 10,000 miles since I've
been a soldier."

"A fellow outside sure misses some
trips. Don't know whether I'll be a
kettle buster when I come back or
not. Gee, our bunch sure is a cos-
mopolitan crowd. Every national-
ity and rank of life and boys from 21
up to Doc, our oldest buck, who is
42 and has been in 13 years. Many
a time I think of the good old fort

sota and home and then here. This
is a small world after all. What is
a few thousand miles to a Yank, es-
pecially in a cause as just as ours.

"Hope you can read this as all I've
got to write on is my mess kit. Would
like to tell you about our trip over
which was exciting, but I guess I'll
have to hold the same until Old Glory
comes home victorious and then we'll
all swap stories about our small but
glorious part in this great conflict."

"The French people sure are bear-
ing up remarkably under the burden
of several years' war. I'll be able to
parley vous Français pretty good
when I get back. I've seen Frisco,
Chicago, New York, London and now
all I want to see is Paris and Berlin.
The Yanks sure are pressing the
boches hard these past few days.
Hope they continue it."

"Have talked personally with
French officers who have nothing but
admiration for the Yanks. Was out
last Sunday with a French sergeant
who was in one of the drives with
the Americans. He'd been talking
yet about our boys if I could have
stayed. Don't know how I'll act in
battle yet, but I guess I'll hold my
own. The boys are all happy any-
way, so we should worry. A bunch
are around, a fellow playing an ac-
cordion, some are playing cards, and
in fact to look at this bunch you
would think we were back in the
states at such a place as the old S. S.
C. used to be. Would like to be back
in Brainerd with the Speedwells up
to the Pequot fair of around some
place like I used to go with them.
Would like to meet Blackie over here.
Maybe I will before this is over."

"Helped tear down a church yester-
day. Not as an act of vandalism,
however, because it is a weekly job
building one and taking it down
every week for the benefit of many
of the boys who want to attend ser-
vices. I don't know the date part of
the time, but I do know the day of
the week and when not on a detail
attend myself. Even if not as good
as we should be, I guess a whole lot
is forgiven the Yanks."

"I always say Yank, because I
don't like Sammie. None of the
boys do. Well, this letter is getting
rather long, so will close, asking the
Dispatch and Brainerd success in the
future and best wishes until this is
over."

Bronchial coughs, tickling in

The Cuyuna Range Volunteer Or-
ganization of Crosby and Ironton,
have issued a letter to the voters of
Crow Wing county, asking that they
give their votes to P. J. Long, candi-
date for the Legislature from the
53d district, and in doing so, particu-
larly state that they have the ut-
most confidence in his ability to per-
form the duties of the office to the
entire satisfaction of the people of
the County and State, with the same
confidence in his integrity, and be-
lieve that if elected he will be ab-
solutely fair toward every part of
the county, and always for the best
interests of the county, and are
unanimous for his election.

They further ask that the voters
take into consideration the important
part that the Cuyuna Range now
holds in the business affairs of Crow
Wing county; the amount of taxes
paid into the treasury along with the
increase that must necessarily come
with future development, that the
residents are not seeking to control
the political workings of the county
but do feel that they are entitled to
a Legislative Representative.

A Man's Cheerful Recommendation.

bany, N. Y., writes: "I thought kid-
ney trouble might be the cause of my

I took Foley Kidney Pills and they
did the work. I cheerfully recom-
mend them." They relieve lame
back, rheumatic pains, stiff joints,
sore muscles. H. P. Dunn, druggist.

Growth of Human Hair.

Even as it is the case with plants;
so also the human hair grows better in
the light than in the dark. The reason
is because light and sunshine exert a
stimulating influence upon the growth.
It has often been observed that with
men who work in offices and have one
and the same side always turned to-
ward the window; heard and mustaches
grow much faster on the side turned to
the light than on the other side.

Boys Did the African Dodger Act—
Three Rabbits Taken, But No
Chance to Eat Them

Private William Pickler, son of Mr. and Mrs. Frank P. Pickler, writes to his sister, Miss Ruth Pickler. Bill went over the top and was so busy chasing Germans that he didn't write a long letter and friends wish he had told more of his experiences. That's the way it generally is, the fellows in the thick of it write short letters and the fellows miles away write yards of stuff. Here is what Private Pickler tells of his experiences:

Received two of your letters while I was up in the trenches and was sure more than glad to get them. We made another trip up to the front and sure had a lot of excitement while we were there. We went over the top and made those Dutchmen run. They actually went so fast that we could hardly keep up to them.

We captured a lot of prisoners and material. I saw a lot of prisoners and all that I saw were all real old men. They sure had swell places to stay in, all of their dugouts were concrete and the biggest share of them had electric lights in them.

I guess that they were intending to stay there all winter. I had heard a lot about No Man's Land, but never thought it was as bad as it really is until I saw it with my own eyes and believe me, it sure is a sight to see. We scouted through quite a number of dugouts and found a lot of souvenirs. In one place I found three rabbits which were caged up and I imagine that they had them there to eat. We took them back to our kitchen, but had to advance again and never got a chance to taste them.

We had an exciting trip through a town that we had captured. We went through the town while the Germans were shelling it and we had to do the African dodger act, but made it safely. We are now located behind the line and after all the excitement we had I am sure feeling fine. Well, I think I will have to

PUBLIC IS WARNED Against Taking Substitutes for Nuxated Iron

Physicians Below Say That Ordinary
Metallic Iron Preparations
Cannot Possibly Give The Same
STRENGTH, POWER
AND ENDURANCE
As Organic Iron—Nuxated Iron

United States Judge Atkinson
Gives Opinion

Careful investigation by physicians among druggists and patients has revealed the fact that there are thousands of people taking iron who do not distinguish between organic iron and metallic iron, and that such persons often fail to obtain the vital energy, strength and endurance which they seek, simply because they have taken the wrong form of iron.

Therefore, physicians mentioned below, advise those who feel the need of a strength and blood builder to go to their family doctors and obtain a prescription calling for organic iron—Nuxated Iron—and present this to their druggist so that there may be no question about obtaining the proper article. But if they do not wish to go to the trouble of getting a prescription for Nuxated Iron then be sure to look on the label and see that the words NUXATED IRON are printed thereon—not Nux and Iron nor metallic iron, but Nuxated Iron.

The remarkable results produced by Nuxated Iron and its widespread sale (it being estimated that over three million people annually are to-day using it), has led to the offering of numerous substitutes, and these physicians say that health officials and doctors everywhere should caution the public against accepting substitutes in medicine and they especially warn against accepting substitutes for Nuxated Iron, which, instead of being organic iron, is a metallic iron compound which may in some cases produce more harm than good. The widespread publication of the above information, has been suggested by Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, Dr. Ferdinand King, New York Physician and Medical Author and others, so that the public may be informed as to the subject and protected from the use of metallic iron under the delusion that it is Nuxated Iron or at least something as good as Nuxated Iron.

It is surprising how many people suffer from iron deficiency and do not know it. If you are not sure or are in any doubt as to whether you are getting the benefit of your iron, make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.

Manufacturers' Note—Nuxated Iron, which is prescribed and recommended above by physicians as a strength and blood builder, is well known to druggists. Unlike the ordinary iron products it is easily assimilated, does not irritate the bowels, does not cause constipation, and is entirely safe for use by all ages. It is the only iron preparation that is guaranteed to give the full benefit of iron to every person who will use it. It is dispensed in this city by all good druggists.

U. S. MARINE DILLAN

Private I. Dillan Writes From Port au Prince, Republic of Haiti.

Private I. Dillan, 57th Co. U. S. Marines, writes from Port au Prince, Republic of Haiti, via P. M. New York, to his friend, Walter Samuelson, as follows:

Is this summer or winter? Pretty hard for a northerner like me to tell, so far as weather goes. Hot all the year around, and they say it is hotter in winter than in summer. But, believe me, we'll make it hotter still for Kaiser bill when the marines get on his track.

No doubt you have read what scrapers the marines in France are. Don't think, though, that we are South Sea Islanders, eat-em-alive savages—we are just plain Americans with a little—just a little—of Uncle Sam's military training. When you and the others of our Sunday school class get older, you, too, will probably be in the marine corps. But that will be after the war.

When the boys come marching home, will we find the Messengers and Count-on-Me's strong as ever, and occupying three or four benches as we did last winter? I tell you what we'll do, Walter, when we're together again—let's have a regular class camp! It would be great sport beside one of Minnesota's many fishing lakes. Why, we'd just live on and in the water and in the woods. To have it though, it is necessary that the class be kept together until then.

You are a live bunch of fellows; we had some dandy times together; we had good class meetings on Sundays studying the life and teachings of Christ. Are we going to let it all drop?

Of course not! That's not the kind of stuff Messengers and Count-on-Me's are made of. Let me be sure of one thing down here or wherever I go, old chap, that you and Bob and Irvin, and Frank and Vernon and Ryland and the rest are sticking to the class. Yes, to the class and to Christ—Christ our companion, our friend, our example, our saviour—with whom we live and are safe, with whom we can be what God intends that we be, and can amount to something.

We're in camp now for a few weeks. Going back to the barracks then. There's quite a difference living in tents from living in brick barracks. In both places, though, we have only fresh air—open all around. The sea is just a little ways off (half a mile or so). On two sides are mountains. To the south they are about four miles away, but to the north, although they seem only a few miles off, they are really seventeen miles away. West of us is an island, a mountain. This, too, seems close, but is thirty-four miles to its nearest place. All are plainly seen. We surely do get fooled on distances sometimes. The valley that we are in extends for many miles. Lots of "gooks," or natives, live in the valleys and on the mountain sides in little huts made of framework of sticks covered with thatch. Often we see children, pigs and dogs playing around the same shack. Except in town, the smaller children wear no clothes at all or only a shirt. Nearly all the people go barefooted. They are poor and ignorant, but do not have many needs, because they can sleep anywhere, and there is always lots of fruit. There is no need that has not been met, and in that you and others can help by giving to missions. "The harvest is great, but the laborers are few."

Have I painted a dark picture? It is dark, and we want to be where the cannon are roaring over there. Still there are many things to see and learn here. The streets are mostly cement. There are some whites here and several fine buildings. The Haytian-American Sugar company is putting up a big sugar plant. We have fruit galore—a banana and oranges at 10 cents a dozen; pineapples, coconuts, alligator pears, Spanish apples, grapes, grapefruit, and others. We have ice cream, too (ten cents a dish), but nothing like that at home.

God bless you, fellows. Best of greetings to you all. Will be glad to hear from any of you.

PVT. LESLIE E. BETTS

Is at U. S. Naval Aviation Base in Foreign Services, Writes to Mother, Mrs. Wm. Betts

Under date of England, Private Leslie E. Betts writes to his mother, Mrs. Wm. Betts:

Arrived over here all O. K. and am enjoying the best of health. Have not been able to communicate with you until now and am not certain how long I will be here. Am in an American rest camp now, but have my permanent address, so you can write to me. Suppose you got my cards and letters that I wrote from the ship and on the way east.

Well, mother, suppose you did not expect me to go across so soon did you? Well, England certainly is a beautiful country. We get liberty every night and surely have a good time. Am in the Y. M. C. A. now. We have concerts and other amusements, so life is not so awful dull. Sure had some trip across but am not allowed to tell you anything as yet. Will have to wait until I get home.

Don't know anything much to write, only that I am well and not one bit sorry that I enlisted. Have not met any boys from Brainerd yet, but met one from Little Falls. His name is McEvee. Gee, it seemed fine to see some one from near home. Am broke as usual, but expect to have a payday the 20th and then will have plenty.

By the looks of things I don't

think the Kaiser will last much longer. Our boys are sure doing some fine work. Suppose Brainerd is quite dead now. Have they taken any more in the draft? Have not heard from you since I left the Lakes. Didn't get the kit either, but it might be forwarded later on. Have seen a few wounded men, and it sure is a pitiful sight. Some of them with arms and legs blown off. We were billed for France, but are now in England waiting further orders. Like this life fine. Tell them all to write me, but don't send any packages as I might never see them. Write soon and give my love to all and tell them to write a good big long letter right away.

Italian Headquarters on the Piave, Oct. 30.—It is reported that Archduke Joseph Ferdinand has replaced General Boroevic as the Austrian commander on the front along the Piave.

Since the beginning of the Italian attack the Austrians have put up a strong resistance. It is believed, however, that the fighting spirit of the troops is due mostly to the iron discipline maintained by the officers. When surrounded the enemy soldiers show little desire to continue the combat.

FOE RUNS OUT OF GASOLINE

MAY PROVE FATAL

When Will Brainerd People Learn the Importance of it?

Backache is only a simple thing at first.

But if you find 'tis from the kidneys; That serious kidney troubles may follow;

That dropsy or Bright's disease may be the fatal end.

You will be glad to know the following experience.

'Tis the statement of a Brainerd citizen.

Mrs. A. Haas, 1615 S. Norwood St., says: "I was in very bad shape last summer with my kidneys and my back pained me so badly I could hardly stand on my feet to wash a dish and when I did my back would feel as if it were breaking. I had dizzy spells and a creepy feeling all over me. I was as nervous as could be and would go a long time without my kidneys having acted. I tried Doan's Kidney Pills and they quickly benefited me, and I was soon rid of kidney trouble."

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Took Out Dreadful Soreness

When the kidneys are weakened and fail to throw impurities out of the blood, the poison remains in the system and backache, soreness and rheumatic pains develop. Mrs. David Henry, 65 S. Lincoln Ave., Washington, N. J., writes: "Foley Kidney Pills took the dreadful soreness out of my limbs and I walk good." H. P. Dunn, druggist. mwf

CANDIDATE FOR

Representative at Large

Crow Wing and Morrison County

Coming before the voters of Crow Wing and Morrison Counties permit me to present a few statements showing to some extent my efficiency as a public servant and also in some measure what my neighbors think of me.

I have served 12 years as County Commissioner for Morrison County, 6 years acting as chairman.

Twenty years ago a few farmers residing in the town of Elm Dale organized a Mutual Fire Insurance Company. They elected me Secretary which position I have held continuously since. The company has now more than 900 members, insuring risks covering over two million dollars.

Eleven years ago the Elm Dale Farmers Telephone Co. was formed by a few neighbors. Today we have 340 members. I have served as secretary continuously.

The Elm Dale Shipping Association was organized, January 1913, shipping 80 to 90 cars of stock each year. As manager I distribute annually to the patrons around \$150,000.

I am a farmer and laborer, having had my home for 47 years on the farm now owned by me in the town of Elm Dale, Morrison County.

As such my sympathies are entirely with the farmers and the laboring men, recognizing, however, the necessity of protecting capital for enough to afford safety for investments and reasonable income from such investments.

Believing as I do that a representative of the people should serve the people, it will be my endeavor if elected to vote and work to the best of my ability as the people of Crow Wing and Morrison Counties would want me to, according as I may be able to ascertain their wishes.

Your vote and support will be appreciated.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using
Recipe of Sage Tea and
Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides its beautifying effect, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "luggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

INFLUENZA CASES REPORTED IN CITY

Deaths in Large Proportion are People from Outside Communities Brought to City

CLOQUET MAN DIED HERE

Mother and Daughter Followed Each Other Quickly at Woodrow on Tuesday. Funeral Today

Brainerd has a number of influenza cases of its own citizens, but so far but few deaths of local people have been recorded. However, with three hospitals in Brainerd, cases sometimes brought from outside develop into influenza here and the deaths sometimes following are charged up to Brainerd.

Bodies shipped to Brainerd are buried. The greatest precaution should be exercised to have the remains enclosed in airtight coffins and to obviate opening coffins and releasing germs.

Recent deaths recorded follow:

Mother and Daughter Died

Mrs. Clark, a widow, and her daughter, Mrs. Georgia May Strand, wife of Harry Strand, died at Woodrow of influenza. Mrs. Clark passed away first and her daughter followed a few hours later. The latter was married a year ago and leaves a husband. The funeral was held at 3 o'clock Wednesday afternoon from D. M. Clark & Co.'s chapel, Rev. E. G. Carlson officiating.

Greek Section Man Dies

Thos Kanakes, age 27 and single

a Northern Pacific section man from Cloquet, died at a local hospital from influenza and pneumonia.

FORMER BRAINERD ALDERMAN

Andrew J. Miller Passed Away at Ny-more Following an Accident in Yards

Andrew J. Miller, age 58, a former alderman of Brainerd, died at Ny-more near Bemidji following an accident near the roundhouse. Miller was run over by a switch engine near where he was employed. For the last twelve years he has made his home in Ny-more.

At Brainerd he had been local salesman of the Brainerd Lumber Co. His wife died a year ago. They had no children. He was a member of the Danish Brotherhood society. The funeral was held on Wednesday.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. TO BE TRIED AS DESERTER

Minneapolis Journal Prints Following Story Regarding Leslie Krueger, Draft Evader

Sullen and morose, Leslie Krueger aged 23, sits in a cell in the county jail at LaCrosse, Wis., awaiting trial in United States court as a draft evader and ignorant that A. C. Wolfe, United States district attorney, is considering turning him over to the military authorities to be tried and sentenced as a deserter.

"This case, in my opinion, merits the most severe penalty which can be invoked," said Mr. Wolfe. "Leslie Krueger is one of four brothers who not only opposed the draft laws of this country in a time of war, but by force of arms resisted the serving of warrants by federal officers. In the battle which followed at their farm house near Owen, a civilian was killed and several wounded. One of the Krueger boys was killed later while resisting arrest.

"Leslie Krueger was registered on June 5, 1917, for army service. Ordered to report, he failed to heed the summons of the draft board and never donned a khaki uniform. There is no United States statute under which he can be tried for murder. The military authorities, however, can try him as a deserter, and if the evidence warrants, he can be made to pay the supreme penalty for his offense in time of war.

"I will recommend to the attorney general that his case be taken in charge by the military authorities, and, if this suggestion is concurred in, he will not be tried at this term of the United States court nor will he be indicted by the federal grand jury in session here."

THOMAS FEIGH IS DEAD AT CHICAGO

Duluth Mining Man Had Interests on the Cuyuna Iron Range, Was in District Court Here

DEFENDANT IN OPTION CLAIM

Was Very Charitable, Built Many Churches of the Catholic Faith, Died at Age of 94

Thomas Feigh, Duluth mining man, who died in Chicago was well known in Brainerd. He was defendant in important litigation heard in the district court some years ago and in spite of his age proved a most creditable witness who was not flustered a bit by cross examination.

He was born in Ireland, granted only a meagre education and skilled medical care was denied him, which resulted in his facing life with a crippled foot. He had a shoe shop in Chicago and later went to Michigan when the copper strikes opened up that country.

He located at Two Harbors and netted close to \$80,000 on a home-stand deal which was on the route of a railroad.

Always a careful investor, his fortune had slowly but surely grown. But the thing, which turned him from a moderately rich man into a millionaire, was the purchase of 320 acres of land near Brainerd, the price paid being \$10 an acre or \$3,200. At that time there were no iron mines in the locality, and it was with difficulty that Feigh was able to induce any one to drill the land in the hope of finding ore. Marcus Feigh finally took an option and did some drilling later throwing the option. Little by little the land was drilled and proved to hold one of the richest ore deposits of the Cuyuna range. He leased it to the Hill-Drummond interests at 35 cents a ton, which company later leased it to the Northern Land company of the Northern Pacific at 60 cents a ton. The land has been drilled and between 3,000,000 and 4,000,000 tons of ore are now proven up. Royalties from this iron ore property made a reality of Feigh's life long dream, money steadily coming in to assure a living.

It is estimated by close friends of the pioneer that his estate will run into the millions.

He seldom made any publicity of his works of benevolence. But friends knew of his good works, and declare in the last few years he has spent well over \$100,000 in striving to help others. His best known expenditure is the home for crippled children erected at a cost of \$35,000 in the Kenwood district.

He has built outright three Catholic churches, one at New Duluth costing about \$15,000, one at Gheen costing \$12,000, and a third about the same. It is known he helped eight young people to secure college educations and there may have been many more not known to his Duluth friends. His donations to various works in smaller amounts ran to a huge total. Often he would distribute 25 or 30 checks to various Catholic churches and hospitals.

He is the last of a long lived race. There were six children in the family, his sister, Mrs. Grady of Saginaw, died at the youngest age, being 84 years old. He is survived by about 25 relatives, descendants of his brothers and sisters, among them being John Feigh, Edward J. Feigh, Mrs. S. L. Soule, and Mrs. Martha Murray, all of Chicago.

About two years ago he fell Superior street, which forced him to the hospital for three months. When he was released, he went to Chicago to make his home with relatives, returning to Duluth only twice since.

Leaves \$300,000 Yearly Trust.

Chicago, Oct. 30.—The late Thomas Feigh, with an income estimated at \$300,000 a year, left all but \$100,000 of the estate to be converted into a trust for the equal benefit of 33 nephews and nieces. The \$100,000 is to build a Roman Catholic church to be known as St. Thomas church. Decedent, who was 92 years of age, made his fortune largely in mining ventures in Minnesota and Michigan. There are five trustees named in the will, including Thomas E. and John J. Comerford of Detroit.

ROLL OF HONOR
The Canadian casualty list published at Ottawa Oct. 29, reveals the name of J. W. Mohler of Brainerd, reported missing.

Couldn't See Use of It.
At a town meeting a large taxpayer rose up to protest against building a new school house in a certain part of the town. "What's the good of it? They are an ignorant set down there anyway."

Influenza Reduces Prices

For nearly three weeks all places where the public might gather have been closed. With no place to go women have not purchased as generously as under normal conditions. Particularly is this true in regards to their purchases of style materials.

We have a surplus of millinery, coats and dresses as a consequence; garments which were purchased to sell during these weeks but still remain with us. Their time is up; they must go.

These values are unprecedented for war times. Select of them early ---there is a limited amount offered, when they are gone these values will not be replaced, come at once.

Our Millinery Bargains

This surplus of millinery must go. To reduce our stock to normal the following bargains will be offered.

At \$4.95 Hats worth \$10.00 and \$12.50. Black, brown, purple, taupe, beaver, red and combination colors. Good silk velvet shapes trimmed with ostrich, wired ribbons, bows, chenille, ornaments, wings, etc. A selection most extraordinary.

At \$3.95 Values up to \$7.50. Excellent assortment of the best shades. Many styles to select from—not just a few. Hats are trimmed in the most approved fashion. Every hat a now one. Just because we have to many they go at \$3.95.

At \$1.95 Children's hats worth up to \$3.95. Black, brown, navy, red, just what children like and what pleases. The surplus in this lot must be closed at this very low price—\$1.95 for hats worth much more.

Unusual Coat Values

These are for those who wish a good coat at a reasonable price. Coats which have style, quality and which do not show the advances in prices so characteristic of merchandise today.

At \$16.95 Velour, Zebeline and diagonal cloth coats. Large collars; button trimmed; some lined throughout. Color, green, brown and navy. Sizes 15, 36, 38 and 42. Think of coats at this price during war times.

At \$19.95 Strictly all wool coats, every one. Velours and cheviots. Colors navy, brown, black, burgundy and plain cloths of velours and cheviots—lined to waists. Sizes 18, 36, 38, 40 and 42. Excellent values.

At \$22.95 Coats lined throughout in this lot—others are lined to waist—velours, cheviots and other good cloths. Green, brown, navy, black, burgundy and pekin. Sizes 16, 18, 19, 36, 38 and 42. Immense values in these.

Corset Values Extraordinary

In purchasing our fall corsets we found that we could not reorder many numbers which we had previously carried. The materials could not be secured or else prices were raised and new numbers substituted.

We found it necessary to discontinue many of the best styles we had carried and, sorry to say, put in new numbers which cost us more for equal qualities.

These discontinued numbers are the best of style, excellent materials and will sell at old prices. There are nearly 100 corsets in all sizes and will sell as follows:

| | |
|----------------------------------|----------------------------------|
| \$6.50 Corsets at \$5.00 | \$3.00 Corsets at \$2.25 |
| \$5.00 Corsets at \$4.00 | \$2.50 Corsets at \$2.00 |
| \$4.00 Corsets at \$3.00 | \$2.00 Corsets at \$1.50 |

There are low bust, medium bust and high bust corsets. Pink and white. Elastic waist and sides. Brocade and plain materials. Are Gossard, Bon Ton, Royal Worcester and Nemo corset. Sizes 22 to 36.

The Dress Values

You'll find a number of dresses of various qualities in silk, satin, serges and other cloths. These are priced with special sales tickets. See this special:

At \$12.95 Serge dresses in red, alic blue, black, green and navy. All good sizes—18, 36, 38, 40, 42, 44, 46, trimmed with buttons, braids and buckles. An unusual bargain.

Coal costs money. You know it. The winter's coal costs BIG money. You know that also. Yet, half of it is wasted by poor management. Oh, yes it is! Listen and be convinced.

Ordinary soft coal is half gas. An average ton of \$3.00 coal contains about 14,000 cubic feet of gas—common illuminating gas. A gas which will, if properly mixed with air, burn with an intensely hot blue flame. This gas represents the best half of your ton of coal.

This unburned gas and a large portion of the heat is CARRIED UP THE CHIMNEY by the air leaking cracks in stoves of ORDINARY construction.

There is only one way to save this wasted gas and heat and that is with a

Cole's Original Hot Blast Heater

which is so constructed that it has no air leaking cracks. In this wonderful heater and fuel-saver the gas is kept under perfect control until oxidized and burned.

It is the only stove that is made tight—holds tight—stays tight.

It is the only stove that saves the wasted chimney heat.

It's the only stove that gives you a constant, steady heat with soft coal, hard coal or lignite.

It will give you all the heat that is in your coal.

It will hold your fire 36 hours without attention.

It will burn all kinds of fuel.

It is guaranteed to consume one-third less fuel than any lower draft stove of the same size, using soft coal, lignite or slack.

AND—It is sold you under a guarantee to fill all these claims.

Back of this guarantee is the credit and capital of an immense factory and it is worth to you 100 cents on the dollar.

COME IN AND SEE IT. IT MEANS DOLLARS IN YOUR POCKET AND A PLEASED CUSTOMER FOR US.

See the name "Cole's" on the feed door of each stove.

FOR PRESS BUREAU CLOSED

Berlin Papers Accused of Giving Out False Reports.

Washington, Oct. 30.—The press bureau at German general headquarters has been dissolved, according to an official dispatch from Switzerland. The dispatch says that some of the Berlin newspapers declared the bureau was responsible for spreading false news regarding the military power of the Central empire.

LYS RIVER DRIVE EXPENSIVE

Germans Lost 100,000 Men Killed, Wounded and Missing.

London, Oct. 30.—German losses in their unavailing offensive in the Lys river salient last summer were 14,000 killed, 6,000 prisoners and about 80,000 wounded and missing, according to an authentic calculation. In one area of five miles by three miles the Germans abandoned 1,500 tons of ammunition.

GOODBYE, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen and bloated feet and limbs, weakness, lassitude, dizziness, nausea, that tired worn-out feeling, nervousness, sleeplessness, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haarleem Oil Capsules. This old and tried remedy for kidney disease and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you feeling fine and prevent a return of your trouble.

GOLD MEDAL Haarleem Oil Capsules are imported direct from the laboratories at Haarleem, Holland. Get them from your druggist. Do not take a substitute. In sealed boxes, three sizes.

PROPOSED AMENDMENTS

To the City Charter of the City of Brainerd.

(Continued from page 4)

ed, pursuant to the provisions of section 29 of Chapter 412, General Laws 1903.

(6). For the purchase, erection, extension or improvement of needful public buildings.

(7). For establishing garbage crematories or other means of disposal of garbage.

(8). For changing, controlling or bridging streams or ravines and constructing and repairing bridges within the corporate limits.

No bonds except those mentioned in sub-divisions (1) and (3) of this section shall be issued or sold unless the city council shall first have been authorized so to do by a majority of the electors of the city voting thereon. Bonds issued and sold in accordance with the provisions of this section shall not be sold for less than par value and secured interest, and shall bear interest at a rate not exceeding five per cent per annum. The bonded debt of the city shall not at any time exceed ten per cent, of the latest assessed valuation of the taxable property therein, but in determining such indebtedness for the purpose of fixing such limit, bonds issued for the purchase, maintenance, extension, enlargement or improvement of water or lighting plants, or the acquisition of property needed in connection therewith, or for the creation or maintenance of a permanent improvement revolving fund, shall not be considered.

Before any bonds be issued, the city council shall, at a regular meeting or at a special meeting called for that particular purpose, adopt appropriate resolutions by an affirmative vote of three-fourths of all its members ordering the issue, and every such resolution shall set forth the amount of the issue and the specific object thereof, be written at length in the records of the council proceedings and be published and take effect in accordance with the provisions of section 42 of the city charter; provided, that where an election is required the resolution shall be published in the official newspaper once in each week for two successive weeks before the day of election. Upon authorization through such an election, in cases where an election by the electors of the city is requisite, the city council may then issue such bonds, not exceeding the aggregate amount mentioned in the proposition submitted to the electorate.

The denomination of all bonds, the place or places of payment thereof, the terms or times of maturity, not less than one year nor more than thirty years from date of issue, and the rate of interest, not exceeding five per cent (5%) per annum, payable semi-annually, shall be determined and expressed by the city council. Every such bond and the coupons accompanying the same shall be signed by the mayor, countersigned by the city clerk and treasurer and attested by imprint of the corporate seal, and be payable to bearer or to order of the purchaser, in the discretion of the city council, and thereupon the city council shall have authority, after a majority vote of all its members, to sell and dispose of the bonds in such manner as in the judgment of the council will best serve the interests of the city, but shall not negotiate the same, nor dispose of or sell any thereof except at a definite time and place specified in a proper resolution of the council, which resolution shall be spread upon the records of the council and be published in the official newspaper of the city at least two weeks before the date of any such sale.

Section 59. It is hereby made the duty of the county auditor of Crow Wing County, Minnesota, to keep his accounts so as to show at all times the amount of money received for the city in the collection of taxes, special assessments, specifying all such taxes by the respective years for which they were levied and the respective portions thereof which are for interest and penalties, and specifying all such assessments by roll or contract numbers, as the same are certified to him by the proper city officials. It is also hereby made his duty, in the months of April, July and November, respectively, in every year, to submit to the city council, at different times, as tax assessments shall have been completed, to draw his warrants on the county treasurer of said county for the taxes belonging to this city, and for all special assessments belonging to this city; and upon due presentation of the same to said county treasurer he shall pay the same out of the moneys representing or constituting such taxes and special assessments, respectively. Said county auditor shall at the same time transmit to the county treasurer a statement showing the separate amounts so paid over on account of such separate local improvements. No county official shall have any authority to refund, reduce or abate any special assessment, interest or penalty.

Whenever, previous to any of the settlements provided by law, there shall be a lack of funds in the city treasury for any purpose, and there shall be funds in the county treasury which shall have been collected on account of city taxes or assessments, the county treasurer shall, on application of the city treasurer, advance and pay over such funds as shall be estimated to be the amount collected on account of such city taxes or assessments, and such advance shall be accounted for and adjusted at the next regular settlement with the city. The city treasurer shall forthwith, after receiving any money from the county treasurer, adjust and apportion the funds so received or advanced among the several city funds in his hands.

Section 59. Whenever the expense and obligations incurred, chargeable to any particular fund in any fiscal year, are sufficient in the aggregate to absorb eighty per cent of the entire amount embraced in the tax levy for that year, together with eighty per cent of the amount estimated to be received by said fund

from other sources, including such amount as may remain in the fund from the levy of any previous year, no officer, board or official body of the city shall have any power to create any additional indebtedness, save as the remaining twenty per cent of said tax levy is collected; which shall be a charge against that particular fund, or which shall be in any manner a valid claim against the city, but said additional indebtedness attempted to be created shall be a personal claim against the officer or members of the municipal board or body creating the same.

Section 60. On or before the first day of September in every year, the president of the city council, chairman of the finance committee of the council and the city clerk, shall submit to the city council an estimate of the probable expenditures of the city government for the ensuing fiscal year, stating the amount required to meet the interest and maturing bonds of the outstanding indebtedness of the city, and specifically showing the various amounts necessary for each and every fund, including an estimate of the total income from all sources of revenue, other than that applicable to property, and the probable surplus amount to be levied and raised by taxation to defray all such expenses and liabilities of the city. Thereupon, the city council shall, not later than their first meeting in October following, determine the sum to be raised by taxation, and make apportionment in detail for the ensuing fiscal year, and shall by resolution levy a tax therefor, and no tax shall be invalid by reason of any informality in the manner of levying the same. The city council shall, not later than October 10, transmit to the county auditor of Crow Wing County a statement of the taxes so levied by it, and the proper county officials shall thereupon collect such taxes and enforce payment thereof in the same manner as state and county taxes are collected and payment thereof enforced. In determining the amount to be raised and making apportionment thereof, the city council may reduce, increase or omit any item in the estimate submitted, or otherwise modify or correct any such estimate, but shall not otherwise originate a budget. Every such levy of taxes shall be so itemized as to show, separately, the amount of taxes to be collected for each and every fund designated in section 54 of the city charter. As soon as every such tax estimate shall have been completed, the city treasurer shall open in proper books a separate and distinct account for every one of the several divisions of taxes shown in such tax estimate, and he shall keep an account, separate, accurate and complete, in respect of each and every one of the several funds, numbered (1) to (15), inclusive, as defined in said section 54, all in such manner and with details of dates, sums, names and other requisite items, sufficient at all times to show the amount of money received by him for the credit of every such fund, whence received, the various payments therefrom, and to whom and for what purpose paid out. Whenever the county treasurer shall pay over to the city treasurer any taxes belonging to the city, collected under any levy, the city treasurer shall credit every one of the respective funds and accounts with its proportionate amount of receipts, according to the tax estimate of the particular fiscal year for which such estimate was made. The city treasurer shall, at the first meeting of the city council in every month, present to the council an itemized report of the financial transactions of the city in and for the preceding month, showing in detail the receipts and disbursements during said month, specifying the particular fund, in every instance, for or from which any such levy or the credit of the several funds from which it shall have accrued.

Section 61. The city council shall make and file, or cause to be made and filed, in the office of the city clerk, one day prior to the first Tuesday after the first Monday in May of every odd-numbered year, a report or statement, to be known as the Claim Statement, showing every outstanding claim against the city at that time, not including bonds, certificates of indebtedness or judgments against the city, which said Claim Statement shall be full and complete with details of names, dates, amounts, nature of claim and other matters sufficient to exhibit the true history and condition of every item in any and every such outstanding claim. Every person or party having such a claim, not earlier filed, shall be notified to file the same with the city clerk on or before the last Monday of April in every odd-numbered year, by an advertisement once in each week for two successive weeks in the official newspaper, under the direction of the city council, the first publication thereof to be at least thirty (30) days prior to the time fixed for the filing of such Claim Statement. Every such Claim Statement so filed shall be presented to the incoming city council at its first regular meeting in the month of May in every odd-numbered year.

Section 62. The mayor, president of the city council and the chairman of the finance committee of the council shall constitute the board of equalization, be sworn as such according to law, and such board is hereby vested with all the powers which are now vested in the county board of equalization and town boards of review under the general laws of

the state, as far as applicable. Such board shall organize by electing from their number a president and a secretary, and shall keep a full record of its proceedings, meet at the regular meeting place of the city council on the fourth Monday in June of each and every year, at ten o'clock A. M., and thereafter from day to day or from time to time until not later than the Friday following, to review, amend and equalize the work of the city assessor. It shall be the duty of the city assessor to be present at all meetings of the city board of equalization, and of the county board of equalization when such county board shall be considering the assessment of property within the city, and to give said boards all facts and information within his knowledge which may aid them in the performance of their duties. The city clerk shall act as clerk of said city board of equalization. Every person aggrieved by an assessment shall have the right to appear before such city board, in person or by attorney, and present his grievance for consideration. The assessor shall revise his assessment rolls in accordance with the decision of the board, and after the same shall have been certified by the president and secretary of the board, shall transmit to the county auditor such revised assessment rolls not later than the first Monday in July; and, unless otherwise provided, the assessor shall proceed under the general laws of the state.

Section 62-A. Every officer collecting or receiving moneys belonging to or for the use of the city shall settle for the same with the city treasurer on or before the last day of every month, or oftener, if so directed by the city council, and immediately pay all money into the city treasury for the benefit of the funds to which such moneys shall severally belong. When the last day of the month falls on Sunday or on a legal holiday, such payments shall be made on the next preceding business day.

Section 62-B. The city council shall, biennially, upon competitive proposals for bids and acceptance of any such bids, designate a bank or banks within the State of Minnesota to be a depository or depositories of moneys of the city, and shall enter into contract or contracts with such bank or banks as designated, in conformity with such proposals and accepted bids, setting forth therein the proportionate amounts to be deposited in any such designated bank. Every bank so designated shall give to the city a surety bond conditioned for the safe-keeping and prompt payment of such deposits, and of the interest thereon, or may in lieu thereof deposit securities as provided in section 98, General Statutes of Minnesota 1913. All moneys coming into the hands of the city treasurer shall be deposited by him in the bank or banks so designated, substantially in the proportions specified in the different contracts and within the limits which may or shall be stated in the various bonds to be given or covered by the amount of the securities deposited in lieu thereof, and he shall not be liable for the loss of any money so deposited or the interest thereon; but in no case shall payments be postponed or deferred, after the same shall have become due, in order to obtain additional interest on such funds. All the terms and conditions of deposit shall be set forth in the resolutions designating the several depositories, which resolutions shall be filed with the city clerk, and all interest accruing upon such deposits shall belong to the city.

Section 62-C. At the end of every month the city treasurer shall make a statement to the city council of the total amount of interest on public funds received by him during the month, and such interest shall be added to the credit of the several funds from which it shall have accrued.

Section 62-D. No limitation or restriction herein shall be construed to prevent the levying of taxes to pay any judgment that may at any time be entered and docketed against the city, but in case of any such judgment the city council shall, at the time of making the first annual tax levy subsequent to the final rendition of such judgment, levy and assess a special tax upon all the taxable property in the city, sufficient to pay such judgment. In case of failure to collect taxes, or if, for other causes, such levy or the proceeds thereof shall prove insufficient for the payment of such judgment, new taxes shall be levied and collected until the whole of such judgment be paid. Any excess of the amount so levied and collected over the amount required to pay such judgment shall go into the general fund of the city.

Section 62-E. Whenever a claim against the city be disallowed in whole or in part, the claimant may appeal from the decision of the council to the District Court by causing written notice of such appeal to be filed with the city clerk within ten days after the decision be made, and giving security for costs, to be approved by the clerk, and the clerk shall forthwith notify the city attorney of the fact of such appeal. When any claim be allowed, no warrant shall be issued in payment of the same until ten days after such allowance. Within such period of ten days, the city attorney may, and upon written demand of ten resident taxpayers of the city shall, take an appeal from such decision to the District Court in the manner above provided, except that when an appeal be taken in behalf of the city neither the city nor its attorney shall be required to furnish any bond on such appeal. Whenever any appeal be taken on the demand of taxpayers, such taxpayers shall be liable for the costs of the appeal in case the decision of the council be affirmed, and at the time such taxpayers make demand for such an appeal they shall file with the city clerk their proper bond, to be approved by the clerk, to secure the payment of such costs. In the event of any such appeal, the proceedings and trial shall be similar to those provided by law in the matter of appeals from the county board in like matters. The word or term "claim" as used in this section, shall be construed to mean a claim presented for audit, and not a claim for salary of an officer or employee or

other fixed charge against the city.

Section 62-F. Every amendment herein proposed, including the proposed amendment of section 7 of the city charter, shall take effect and be in force from and after the date of its adoption.

That Section 7 of the city charter be amended so as to read as follows:

Section 7. The term of office of every officer elected under this charter, unless herein otherwise provided for, shall commence on the first Tuesday after the first Monday in May next following the city election, and shall continue for a period of two years and until his successor be elected and qualified; provided, that the TERM OF OFFICE OF ALDERMAN SHALL BE FOUR YEARS, EXCEPT THAT ONE-HALF THE NUMBER OF ALDERMEN TO BE ELECTED IN THE YEAR 1919, BEING ONE FOR EACH WARD, SHALL BE ELECTED FOR A TERM OF TWO YEARS, AND THE OTHERS FOR A TERM OF FOUR YEARS. AT EVERY SUCCEEDING BIENNIAL ELECTION, EVERY WARD SHALL ELECT AN ALDERMAN TO SERVE FOR THE TERM OF FOUR YEARS, AND UNTIL HIS SUCCESSOR BE ELECTED AND QUALIFIED. THE APPROPRIATE BALLOTS TO BE PREPARED FOR THE CITY ELECTION IN THE YEAR 1919 SHALL, ON THE FACE THEREOF, SPECIFY WHETHER A CANDIDATE FOR THE OFFICE OF ALDERMAN STANDS FOR, OR IS NOMINATED FOR, A TWO-YEAR TERM OR FOR A FOUR-YEAR TERM.

The foregoing is a draft of certain proposed amendments to the Charter of the City of Brainerd, in Crow Wing County, Minnesota, duly formulated and adopted by the duly appointed, qualified, existing and acting Charter Commission of the city, under the appropriate provisions of the constitution and of the statute in such case made and provided, which said draft of proposed amendments is hereby delivered to the Honorable R. A. Beise, Mayor of the City of Brainerd, to be submitted to the City

Council of the City of Brainerd for further proceedings, according to law. Signed by the following members of said Charter Commission, comprising a majority thereof. Dated at Brainerd, Minnesota, this 16th day of October, A. D. 1918.

A. J. HALSTED, President.
J. H. STRICKLER, F. M. KOOP, ANDREW ANDERSON, FRED DREXLER, H. E. SCOTT, H. A. KAATZ, A. A. ARNOLD, H. W. LINDEMANN, A. A. WEIDEMAN, W. McCLOSKEY, G. D. LABAR, F. M. HAGBERG, LOUIS F. HOHMAN, Secretary.

The foregoing draft of certain proposed amendments was delivered to me by the Secretary of the Charter Commission this 21st day of October, A. D. 1918.

R. A. BEISE, Mayor.

NOTICE OF SPECIAL ELECTION.

NOTICE IS HEREBY GIVEN that a special election is called by the city council to be held in the city of Brainerd on Tuesday the third day of December, A. D. 1918, for the purpose of voting upon the adoption of the foregoing proposed amendments to the Charter of the City of Brainerd.

By direction of the City Council. Dated October 21st, A. D. 1918. A. MAHLUM, City Clerk.
